Zahra, Kuwait City

## Education

### bachelor of Science

University of Hartford  
United State Of America  
Graduated in  
Jan 2022

## Skills

- Critical thinking and problem solving.
- Teamwork and collaboration.
- Professionalism and strong work ethic.
- Oral and written communications skills.

## Technical Skills

AutoCad-STAAD-Civil3D-  
SolidWorks-Revit-SAP2000-MS  
Office- Land surveying

## Language

Arabic  
English

# DEEMA ALKHAMEES

## Civil Engineer

### Profile

Bachelor degree in Civil Engineering with concentration in Environment. Experienced with water supply system project. An enthusiastic and highly motivated professional with broad understanding of design, planning and construction process with exceptional creativity and problem-solving skills.

### Work Experience

2019

-

2021

#### **Kuwaiti Club**

Head of students Government

- Performed research, managed student sponsorship, and handled financial support acquisition from private donors, and provided
- support to students during pandemic

2023

-

2024

#### **Mafaz Engineering co**

Training

- Assist with administrative, architectural, and system engineering tasks.
- Understand and apply industry standards, codes, and procedures.
- Perform drafting, drawing, and modeling using AutoCAD and Sap2000.

### Academics Projects

#### **CETA Design Expo (capstone)| Team Leader**

- Worked on team of 5 students with Weston and Sampson to design backwash recycle system for water treatment plant
- Awarded 1st place in both of Engineering and Architecture departments of over 200 students.

#### **CETA Design Expo| Team Member | Placed top 3**

- Worked on cross functional team of 3 to build system which identifies and separates recyclable items to prevent ocean pollution

#### **Concrete Canoe Competition| Top 10 in Midwest universities.**

- This elite competition combining engineering excellence, hydrodynamic design, and racing technique is known as "America's Cup of Civil Engineering."

### Courses

Course on principle of writing engineering report  
occupation health and safety course in engineering site  
Course on principle of engineering contracts

### Honers

Dean's List in both May2019 and Dec2020  
President's List in May2021
