Ali Esteghlalian, PhD, MBA
Adjunct Professor
School of Business
Portland State University
Portland, Oregon, USA

20 July 2024

To Whom It May Concern,

RE: Recommendation Letter for Mr Haitham Al-Kharusi

I am writing this letter of recommendation at the request of Mr Haitham Al Kharusi in support of his search for a challenging position in the field of Supply Chain and Logistics Management. At the School of Business at Portland State University, I had the pleasure of teaching Haitham in my Research & Analysis of Business Problems course in 2021, where he consistently demonstrated strong analytical skills, a keen interest in the subject matter, and a commendable work ethic.

As the highest-achieving high school student in his native country of Oman, Haitham received a highly competitive scholarship to study Business Management at Portland State University in Portland, Oregon. His decision to pursue higher education in the USA is a testament to his ambition and commitment to academic excellence. Haitham graduated from Portland State University in 2024 with a bachelor's degree in Supply Chain and Logistics Management, a field in which he has shown both passion and proficiency.

During his time in my class, Mr Al Kharusi consistently produced high-quality work and engaged thoughtfully in class discussions. He demonstrated a clear understanding of complex business problems and was able to apply theoretical concepts to practical scenarios effectively. Haitham's professional experience further highlights his passion and readiness for a career in business. Since his arrival in the US, he has gained experience in a variety of roles such as marketing coordination, campaign management, event planning, Google Marketing Analytics, and B2B selling, all of which are highly valuable skills in today's complex business landscape.

What stands out most about Haitham is his dedication to continuous learning and self-improvement. He possesses a natural intelligence and excellent facility with the English language, which he has refined through his studies and professional experiences. Mr Al Kharusi is eager to apply his knowledge and skills in a real-world setting. His academic background, combined with his practical experience, makes him an excellent candidate for business related positions where he can grow and develop into a successful business leader.

It is my sincere belief that Haitham will excel in any professional environment that values hard work, strategic thinking, and a commitment to excellence. He has the potential to make

significant contributions to any organization and is deserving of opportunities that will allow him to further develop his talents and leadership abilities. I am confident that Haitham will thrive in a role that challenges him and offers opportunities for professional growth.

I wholeheartedly wish Mr Haitham Al Kharusi the very best in his personal and professional endeavors and recommend him without reservation. I am confident that he will apply himself diligently and capitalize on the opportunities that lie ahead. My evaluation and recommendation of Mr. Al Kharusi is informed by my extensive experience as an international business and science professional. Over the past 27 years, I have held roles such as Principal Research Scientist, Head of Technical Services in the Middle East and Africa, Departmental Leader, International Product Manager, and academic educator. My career in industrial biotechnology has spanned nearly two decades across the US, Canada, and Europe, affording me the privilege of working with a diverse array of professionals and students from various cultural and academic backgrounds in both industry and academia. I have received my academic training and experience at a number of distinguished institutions, including an MBA from The University of California, San Diego, USA, a Fellowship in Forest Products Biotechnology from The University of British Columbia, Canada, a Postdoctoral position in Engineering Design from The University of Georgia, USA, a PhD in Bioengineering from Oregon State University, USA, and a BSc in Chemical Engineering from Tehran University.

Please feel welcome to contact me if you require any further information or would like to discuss Haitham's qualifications in more detail.

Sincerely,

Ali Esteghlalian, PhD, MBA

Date : December 10th, 2024

To Whom It May Concern,

This letter is to confirm that **Mr. Haitham Al Khrousi** has been employed with our company as a Project Management Officer. During his time with us, he has demonstrated exceptional skills in managing construction projects, building management, and ensuring the timely delivery of projects and tasks objectives.

Mr. Haitham has proven to be an invaluable asset to our organization, showing a strong aptitude in overseeing property operations. His dedication to continuous improvement is evident in his initiative to create a tracking system, which has greatly enhanced the efficiency of our property leasing process and benefitted both our team and residents.

We are confident that his professionalism, attention to detail, and leadership abilities will allow him to excel in any future role. We wish him all the best in his future endeavors and trust that he will continue to make a positive impact wherever he goes.

Sincerely,

Human Resource Manager
